S.S. Rana & Co., celebrates World Environment Day

S.S. Rana & Co.'s Green Policy Committee have always been committed to adopt policies that are environment friendly so as to protect and conserve our vulnerable natural resources. We always endeavor to implement eco-friendly measures in our office, as well as surroundings so as to bring down unnecessary wastage and minimize the risks such as ozone depletion, greenhouse effect, global climate changes and/or global warming.

World Environment Day is a day for everyone, everywhere. Since it began in 1972, global citizens have organized many thousands of events, from neighborhood clean-ups, to action against wildlife crime, to replanting forests. "**Connecting People to Nature**", the theme for World Environment Day 2017, implored us to get outdoors and into nature, to appreciate its beauty and its importance, and to take forward the call to protect the Earth that we share. This year's theme invited us to think about how we are part of nature and how intimately we depend on it. It challenged us to find fun and exciting ways to experience and cherish this vital relationship.

S.S. RANA & CO.

ADVOCATES

Taking inspiration from this year's theme, we celebrated World Environment Day, firstly by wearing Green (the official color of the attire for the Day!!) and we took some time out of our hectic schedule and planted saplings on the stairway and corridors of the office. The evening snack distributed to all employees also comprised of fresh fruits.
